Wholesale and retail Ice—out of City orders have special attention, and all orders promptly filled.

We will give you good prices on low grade ceiling and flooring. Come and get our prices.

PRESIDENT AND CABINET

IN CONFERENCE MORE THAN TWO HOURS YESTERDAY

THE FINANCIAL SITUATION

Was the Chief Topic Under Discussion

Washington, Oct. 29.—President Roosevelt was in conference with all the members of his cabinet except Secretary Taft for more than two hours today. The financial situation was under discussion.

Secretary Cortelyou shares the view that the general money situation throughout the country, and especially in New York, is steadily improving. Although he is averse to making any public statement on the subject, it is known that he regards the situation with far greater equanimity than at any time during the last ten days. During the last seven days he

has deposited in the national banks a sum approximating \$50,000,000, and since early in September, when the Secretary began his weekly distribution, nearly \$70,000,000 has been deposited, which brings the amount of public funds now in national banks up to over \$215,000,000, of which about \$12,500,000 has been deposited to the credit of government disbursing officers.

During President Cleveland's first term very large amounts of public funds were deposited in the national banks for the declared purpose of relieving the treasury of a burdensome surplus, but never before in the history of the country have such large sums been placed with depositary banks to avert threatened trouble in times of unusual disturbance in the financial centers.

Secretary Cortelyou remained with the President for some time after the conclusion of the meeting.

THREE SOUTHERN GOVERNORS,

And Maybe Four Meet in Atlanta to Discuss Southern Railroad Situation.

Atlanta, Ga., Oct. 28.—Gov. Smith

has decided upon Friday as the date for the conference to be held with Gov. Comer of Alabama and Gov. Glenn of North Carolina to discuss the railroad situation in the South. In addition to these Governors there may be Gov. Swanson of Virginia, and the attorneys general of these four States.

Gov. Smith declines to give out the nature of the conference, but it is understood that they will discuss the recent passenger rates ordered into effect in their respective States and endeavor to adjust the conflicting laws governing transportation companies.

The conferences will probably be held in the private office of Gov. Smith, which is amply large to accommodate the octette. It is expected that the conference will meet at noon on Friday and sit all of the afternoon and probably Saturday morning.

So far as known this is the first time Southern governors have ever been known to confer in regard to laws governing corporations.

DENIED A REHEARING.

Greene and Gaynor Must Serve Term and Pay Heavy Fines.

Montgomery, Ala., Oct. 29.—B. D. Greene and John F. Gaynor, the contractors who were convicted of defrauding the government out of large sums of money, were yesterday denied a rehearing by the United States circuit court of appeals, in session in Montgomery, and unless the defendants secure a writ of certiorari from the United States supreme court, they will have to spend four years in the penitentiary, besides each being compelled to pay a fine approximating \$300,000. Greene and Gaynor were convicted of being implicated in frauds in connection with harbor improvements at Savannah, Ga., and sentenced to four years in the penitentiary, besides being fined nearly \$300,000. The prisoners are now confined at Macon, Ga.
